Name: _____ Date: ____ / ____ / _____

Each question gives two words with a gap between them, for example CLASS (....) MATE. Find the one word that will complete the first word and also begin the second word, making two new words. Choose the correct word from the five options A to E. Only one option makes two real words.

Worked example. CLASS (....) MATE **Answer: ROOM.** ROOM completes the first word to make CLASSROOM and begins the second word to make ROOMMATE, so ROOM links both. No other word makes two real words here.
