Name: _____ Date: ____ / ____ / _____

In each question a word is given in capital letters, followed by five words labelled A) to E). Decide which one of the five words is most nearly OPPOSITE in meaning to the word in capital letters and write down that letter. Only one answer is correct in each question. Some of the wrong answers mean almost the same as the given word rather than the opposite, so read every option carefully before you decide. Study the worked example before you begin, then work through the questions in order.

Worked example. Choose the word most nearly OPPOSITE in meaning to LOYAL. A) faithful B) treacherous C) honest D) brave E) devoted **Answer: B.** 'Loyal' means faithful and devoted to a person or cause. 'Treacherous' means betraying trust, the opposite quality, so it is correct. 'Faithful' and 'devoted' are synonyms of 'loyal', not opposites, so a pupil who picks either of these has confused a matching word for an opposite one. 'Honest' and 'brave' describe different, unrelated character traits and do not mean the opposite of loyal.
