3.25 Verbal Reasoning: Letter Series: 2-hour Pack

about 120 minutes

Total Marks

Name: _____ Date: ____ / ____ / _____

Each question gives a series of letters that follow a rule. Work out the rule, then choose the option (A to E) that continues the series. Work quickly: aim for about one question per minute. Mark your answers on the answer sheet.

Worked example. Find the pair of letters that continues the series: AC, CE, EG, GI, (?) **Answer: IK.** The first letters go A, C, E, G (forward 2 each), so the next is I. The second letters go C, E, G, I (forward 2 each), so the next is K. The answer is IK.
